Source: Data from UN Comtrade, 2017. Compiled by Forest Trends, 2017

The percentage of EU28 timber imports sourced from fragile and conflict-affected states since 2013

Source: Data from Eurostat Comext, 2017. Compiled by Forest Trends, 2017

The background of the slide is a photograph of a lush, mountainous landscape. In the foreground, there is a dense, vibrant green forest. Beyond this, rolling hills and valleys are visible, some covered in forest and others in lighter green fields. The hills recede into the distance, creating a sense of depth. The sky is filled with soft, white and grey clouds, suggesting an overcast day. The overall tone is peaceful and natural.

Thank you
