SECTION 6.2

Before any commercial harvesting can take place, the Authorized Forest Community must have met all preliminary requirements, as per the CRL and all other relevant laws and regulations. This requires that the community has organized its Community Assembly (Section 6.4(a) of the CRL); the Community Assembly has appointed the Community Forest Management Body (Section 6.4(b) of the CRL); the Community Forest Management Body has developed a Community Forest Management Plan that includes the envisaged commercial activities (Section 6.4(c) of the CRL); the Community Forest Management Plan has been approved by the Executive Committee, the Community Assembly and the FDA (Section 6.4 (d) of the CRL); and the Community Forest Management Plan is being implemented (Section 6.4(e)) of the CRL.

SECTION 6.3

In keeping with the 2006 National Forestry Reform Law (NFRL), the Ten Core Regulations and all other relevant laws and regulations governing Liberia's forest sector, no commercial harvesting of timber and NTFPs shall occur in a Community Forest without the Authorized Forest Community having first met the following requirements:

- (a) The inventory of merchantable tree species and NTFPs must have been independently confirmed by the FDA, in keeping with its statutory responsibility to ensure that areas of forest resources are suitable for the planned commercial harvesting, as per Section 4.5 of the NFRL, and Section 2.2 (g) and Chapter 5 of the CRL; and
- (b) The Authorized Forest Community must have conducted an Environmental Impact Assessment (EIA), as per Section 24 (2) and Section 41 of Regulation 105-07.

Once the FDA has verified that all technical and legal requirements for the harvesting of timber and/or NTFPs for commercial purposes have been met, it shall issue a written notice to proceed to the Authorized Forest Community, through the CFMB. Only once the Authorized Forest Community has received written notice to proceed from the FDA shall the harvesting of timber and/or NTFPs for commercial purposes be permitted.

SECTION 7.2

Before a commercial agreement between an Authorized Forest Community and a third-party can be signed, the FDA shall first review and approve it, as per Section 10.5 of the Amended CRL Regulation.

SECTION 7.3

If, following review, the FDA determines that the proposed commercial agreement does not conform to best industry practices, or does not offer fair market price for the community's forest resources, the FDA shall advise the community on how the commercial agreement needs to be amended before it can be approved. The Community Forest Management Body and Executive Committee of the Community Assembly shall hear the advice of the FDA, and attest that they have received and understood the advice provided.
