Dear Mr. Panse:

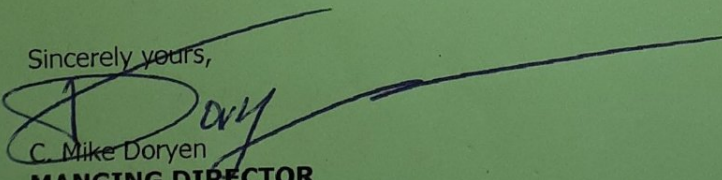

The management of the Forestry Development (FDA) extends compliments and acknowledge receipt of your letter dated November 6, 2018, requesting Management to approved the Re-entry of international Consultant Capital, (ICC) into forty two (42) Blocks that were approved for 2016/17 and 2017/18 Annual Coupe from compartment one (1) that were entered but harvesting was not completed due to several factors such as early rainy season in mid- April 2018, prolonged Operation of the post annual coupe in 2014/15 and 2015/16, the Ebola virus outbreak and inappropriate market situation.

In view of the above, the Management of the Forestry Development Authority interposes no objection to your request but that you restrict your activities in the above mentioned blocks consistent with the Guidelines for Forest Management Planning and liaise with the Regional Forester of Region # 3 in the implementation of the Re-entry process. Additionally, you are advised to settle all social benefits owed the affected Communities.

We anticipate your cooperation as we strive to enhance the sustainable Management of Liberia's Forestry Sector.

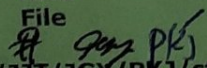

Kind regards.

Sincerely yours,

  
C. Mike Doryen
