Palm Oil Mill Risk Assessment

Methodology

Index 1: Historic impacts	Index 2: Potential for future impact
Rate of tree cover loss	Tree cover extent
Tree cover loss on primary forest	Proportion of area in primary forest
Tree cover loss on peat	Proportion of area in peat
Tree cover loss on protected areas	Proportion of area in protected areas
Tree cover loss on carbon dense	Proportion of area of high carbon
areas	density
Fire activity	Rate of fire activity in previous three
	years
	Rate of tree cover loss in previous
	three years
