

From bandages to blueprints:

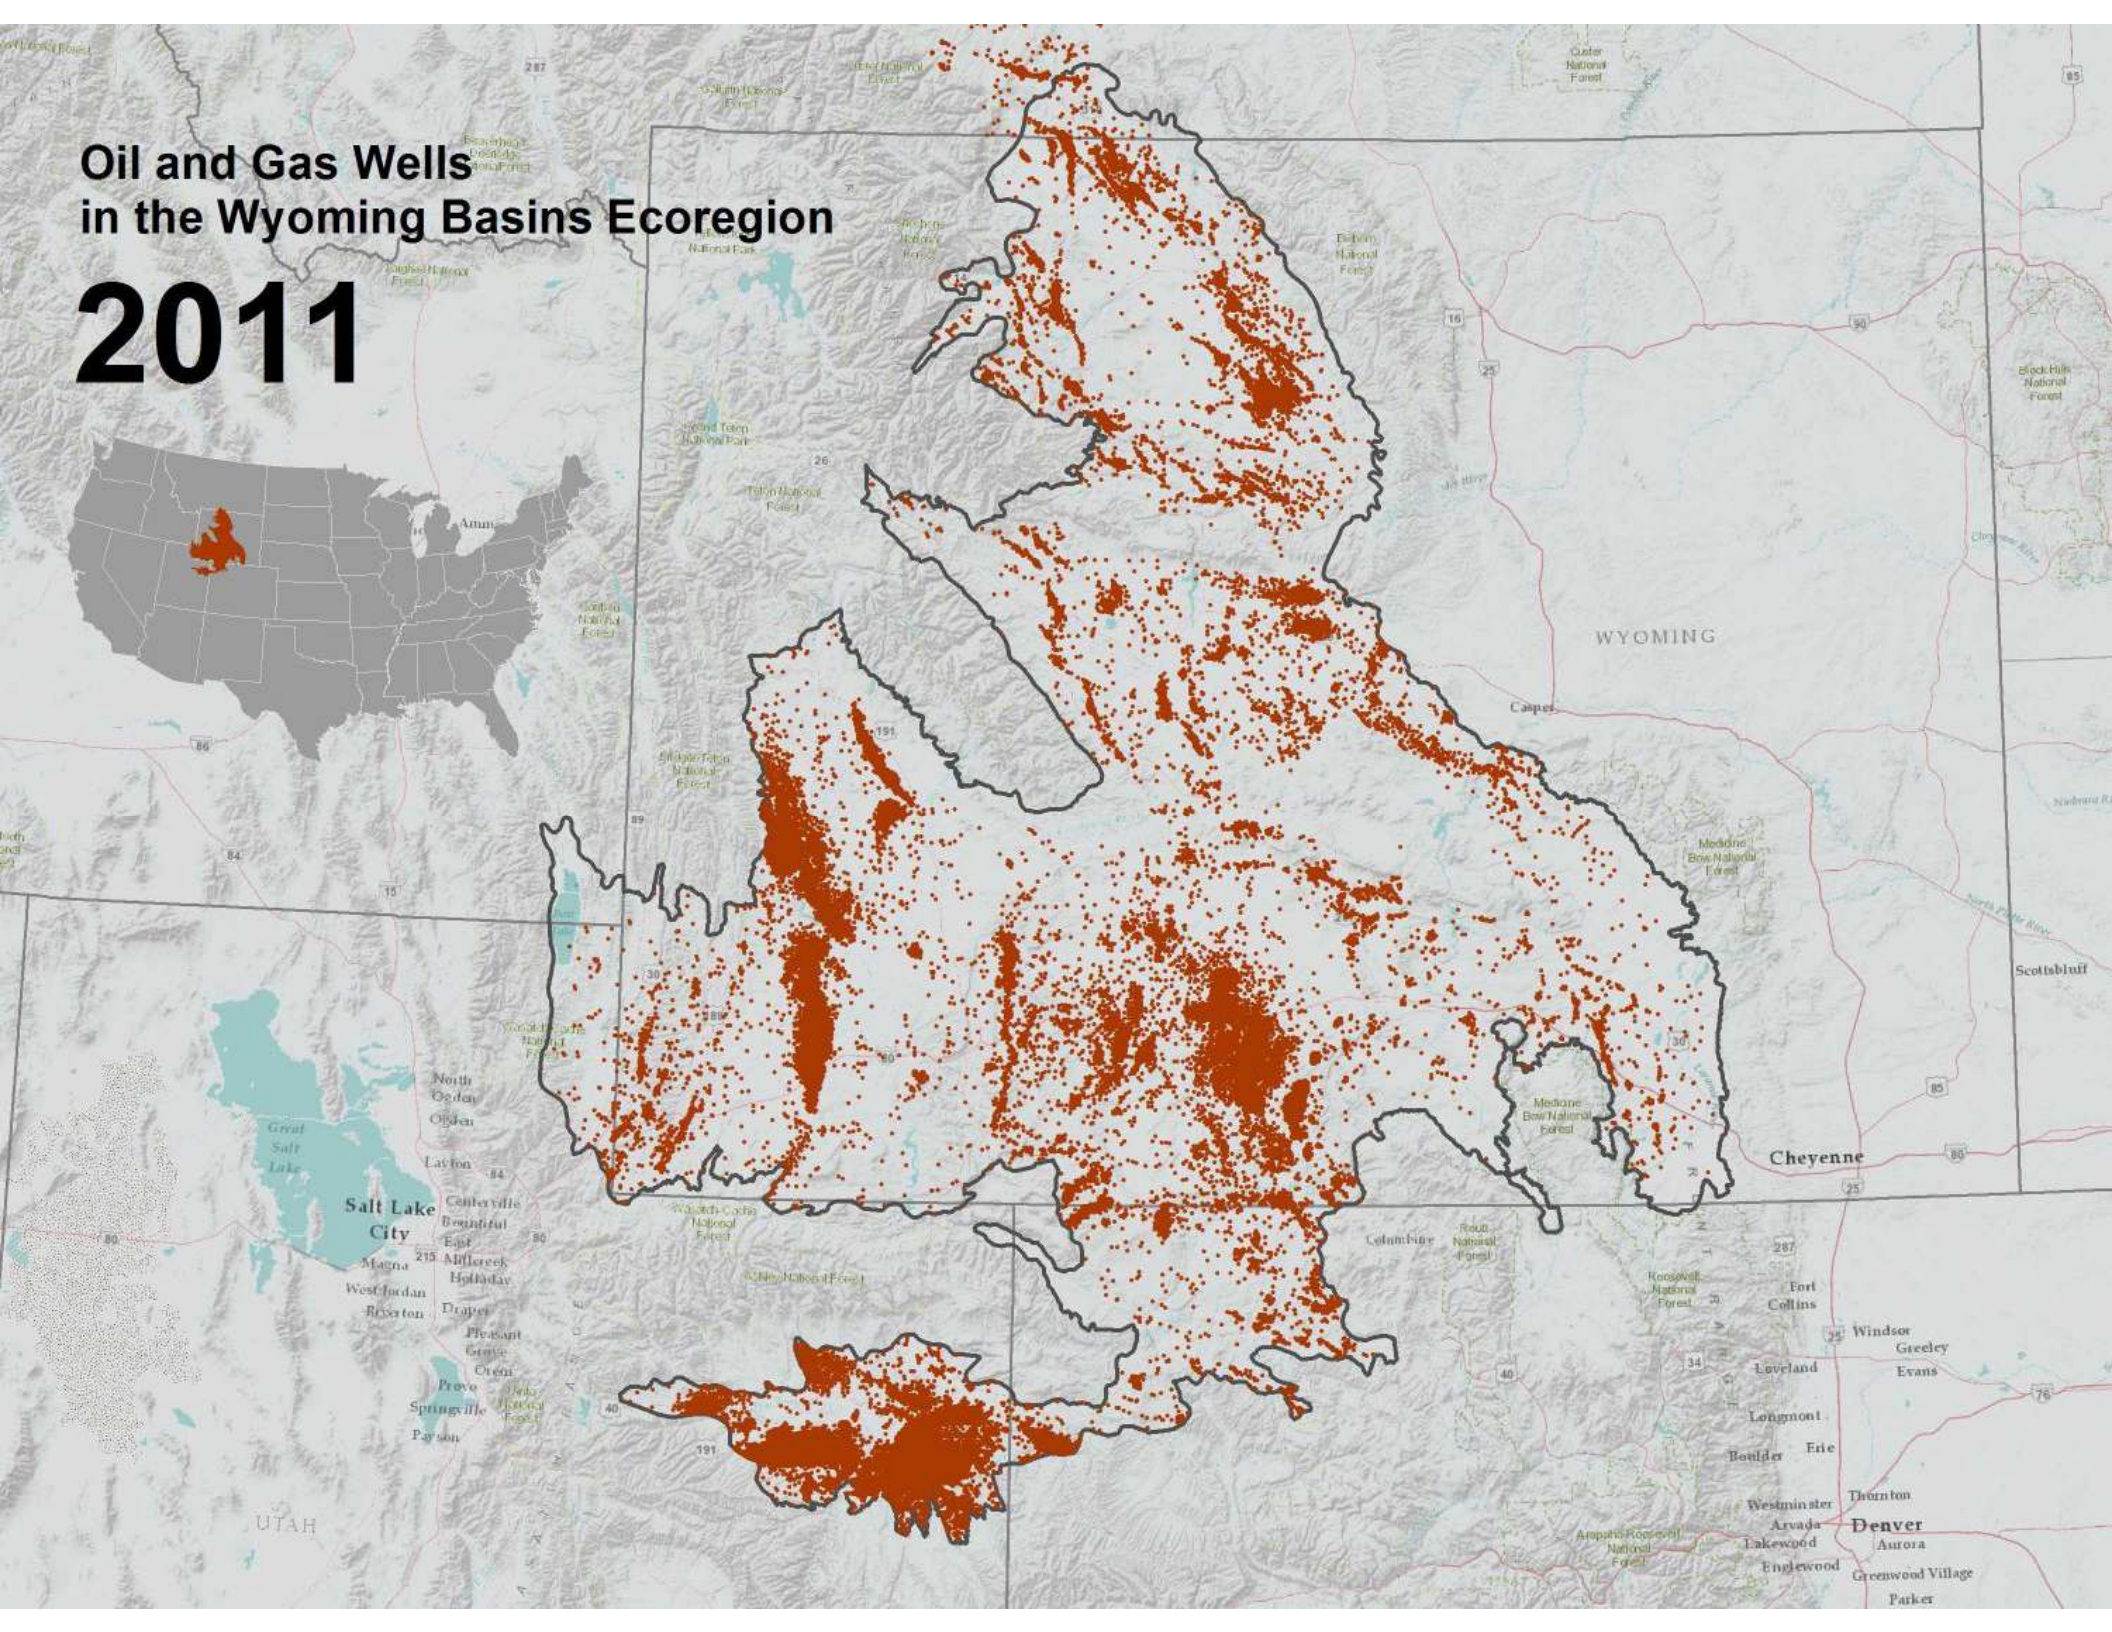

Landscape planning and national mitigation systems

Bruce McKenney
Director, Development by Design
The Nature Conservancy

June 3, 2014
No Net Loss Summit

Oil and Gas Wells in the Wyoming Basins Ecoregion

2011

ABCs for improving mitigation

- **A**head of the impacts
- **B**igger scale – landscape-level planning
- **C**onservation outcome

Avoid

Minimize

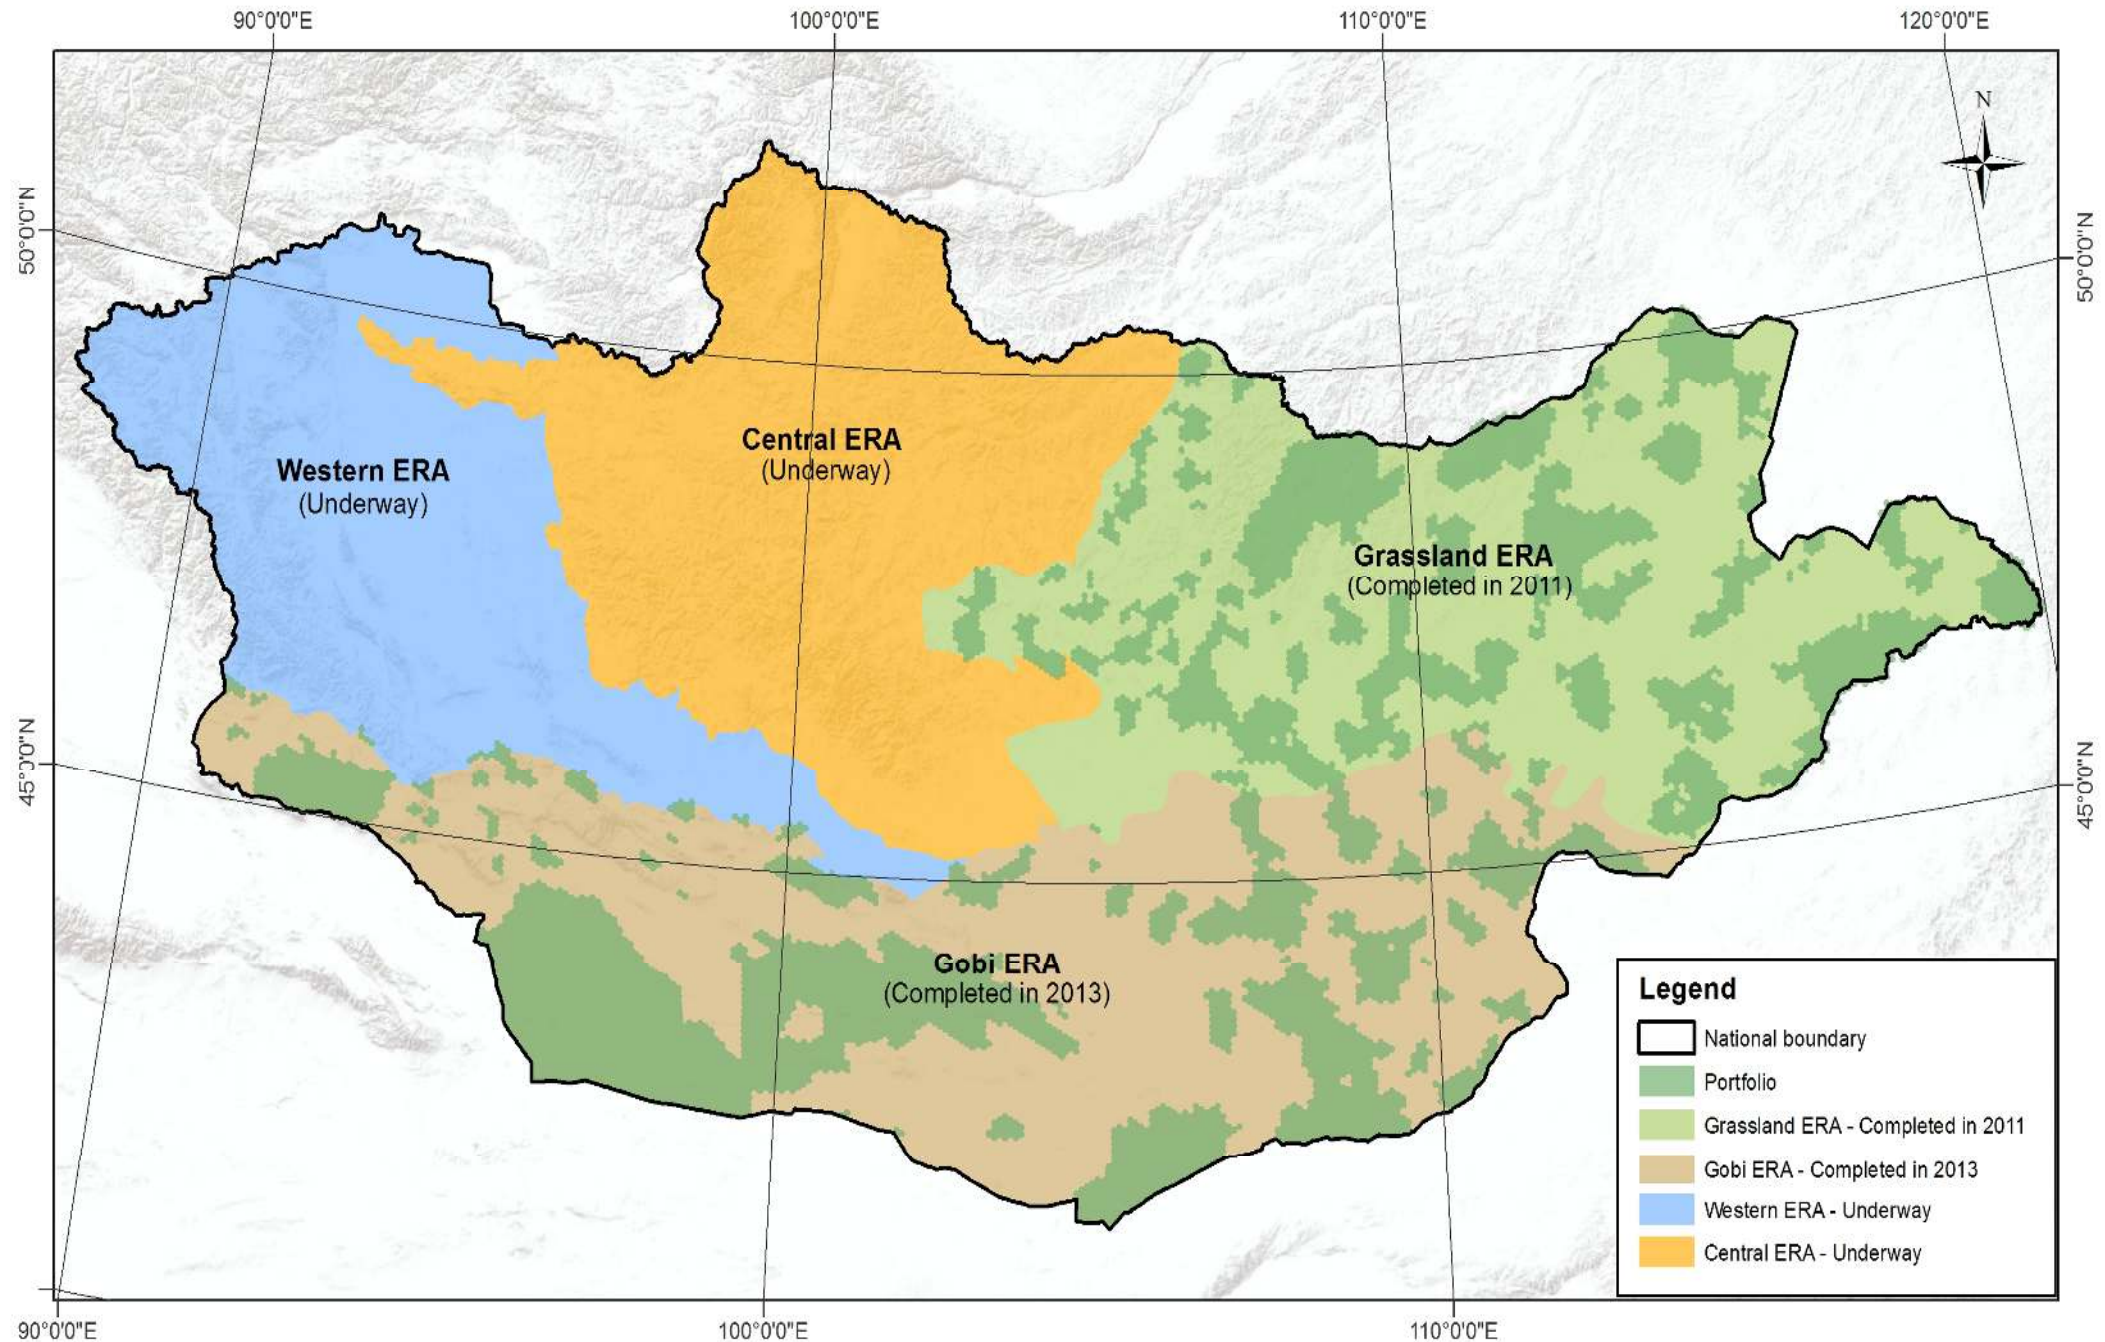

Restore

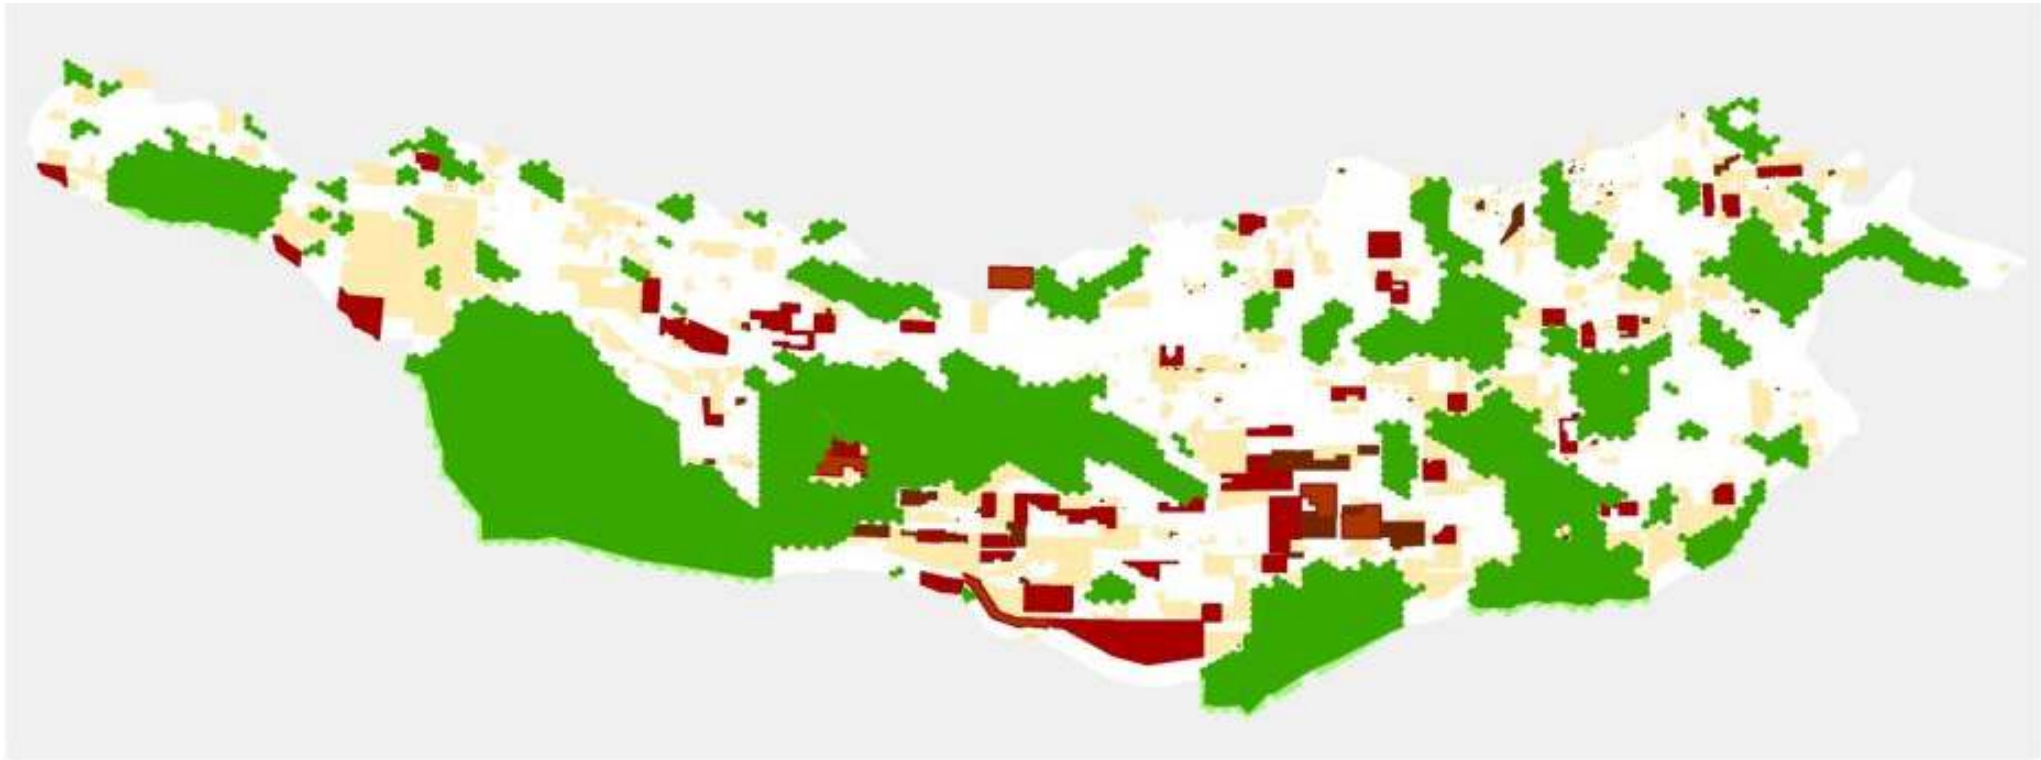

Offset

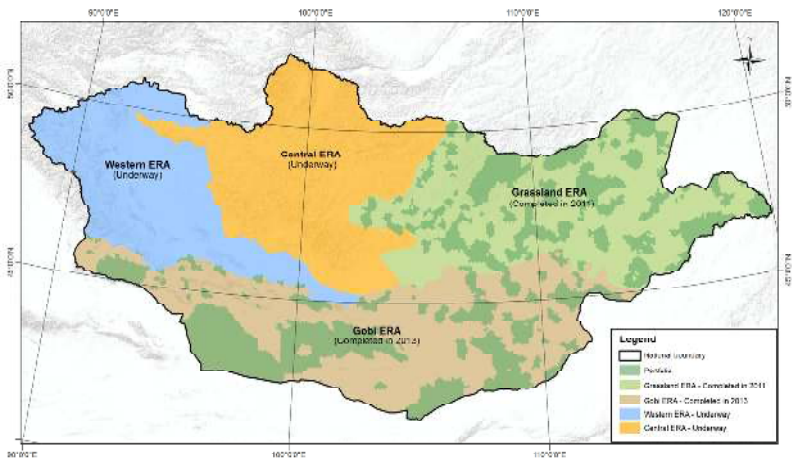

Mongolia: ~~Mineral~~ Ecoregions by Design

Development by Design

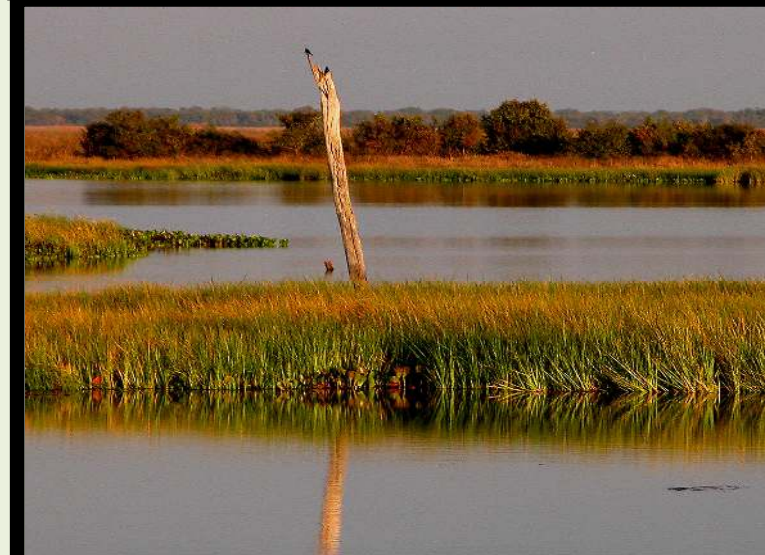

- **Conservation priorities** in the context of future development scenarios
- **Early warning** of possible development-conservation conflicts; supports “avoid” decisions
- **Traditional use** and social/cultural values
- **Compliance** with national policies/regulations and lending standards (IFC Performance Standard 6)
- **Vision** for sustainable development; guides offsets

MANUAL PARA LA ASIGNACION DE COMPENSACIONES POR PÉRDIDA DE BIODIVERSIDAD

Documento elaborado en el contexto del Convenio de Asociación No.09 de 2008 suscrito entre el Ministerio de Ambiente, Vivienda y Desarrollo Territorial, The Nature Conservancy - TNC World Wildlife Fund - WWF y Conservación Internacional - CI

A Strategy for Improving the Mitigation Policies and Practices of The Department of the Interior
